DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 25-27 are rejected under 35 U.S.C. 102(b) as being anticipated by Kuslich (U.S. Pat. No. 5,549,679). Kuslich discloses the following of claim 25: an implantable device for insertion into a cavity in a vertebral body comprising an expandable container (40) including an upper wall member (Attachment B), a lower wall member (Attachment B), and a circumferential wall member (42), said wall members together defining a single chamber adapted to be inserted into a vertebral body (see Figures 4, 5 where the vertebral body has portions cut away to make room for the chamber to be inserted into it).

Kuslich discloses the following of claim 26: the device of claim 25 wherein said upper and lower wall members have a substantially horseshoe shape in a transverse plane (Attachment B).

Kuslich discloses the following of claim 27: the device of claim 25 wherein said upper and lower wall members have a substantially triangular shape in a transverse plane (Attachment B).

Conclusion

This is a RCE of applicant's earlier Application No. 10/804955. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
